**Join SunCorp's Chairman and Management for this webinar reviewing the proposed NCUA Regulation 704, and its potential impact on SunCorp and our members.**

**Our conclusion at this point is the proposed regulation, as written, creates an unworkable business model that will harm credit unions financially, limit their flexibility, and cause them to acquire services from competitors.**

**The webinar will include an analysis of key sections of the proposed regulation.**

**All members are encouraged to participate in one of these sessions to gain a better understanding of the proposed regulation, and the steps involved in preparing comment letters to the NCUA.**
